The School:

St. Martin's Episcopal School is a co-educational, independent school located in Metairie, Louisiana, a suburb of New Orleans. The school has an ongoing commitment to provide a superior college preparatory education to all our students from prekindergarten through 12th grade. Accredited by the Independent Schools Association of the Southwest (ISAS), and approved by the Louisiana State Department of Education, St. Martin's curriculum is rigorous, with Advanced Placement and honors programs in most Upper School disciplines.

St. Martin's combines an emphasis on academics with individual attention and a nurturing environment in a warm, supportive family atmosphere. Founded in 1947 under the auspices of the Episcopal Church, the school stresses the importance of service and values. St. Martin's students develop a sense of responsibility, a respect for diversity, an appreciation for learning and a healthy self-image.

St. Martin's Episcopal School is a member of the National Association of College Admission Counseling and complies with the NACAC *Statement of Principles of Good Practice*.

St. Martin's Episcopal School does not discriminate on the basis of race, color, gender, disability, religion, national or ethnic origin.

Mission Statement:

St. Martin's Episcopal School provides students in pre-kindergarten through 12th grade a superior and challenging college preparatory education focused on development of the whole person within the context of a Christian community, a family atmosphere, and a coeducational environment.

Discipline Reporting Policy: Students who have incurred probations or suspensions as the result of a major disciplinary or honor infraction after August 2008 will be required to submit a school-approved description of the violation with their college applications.

Grading Scale

Quality Points: For the purpose of determining grade point average, honor roll, eligibility for the National Honor Society and the Cum Laude Society, the Upper School assigns quality points to the grades earned by students in all courses except Physical Education as shown below.

0.677 additional quality points are added for passing grades in Honors and Advanced Placement courses.

St. Martin's does not provide student rank for the purpose of college admission.
